

# Rensselaer County Locations NATIONAL PRESCRIPTION DRUG TAKE-BACK DAY

Turn in your unused or expired medication for safe disposal  
Saturday October 22<sup>nd</sup> from 10 am to 2 pm.

Proper disposal of unused prescription and over-the-counter medications is important to protect both people and the environment. Unused prescription and over-the-counter medications that remain in the home can cause serious harm to people if they are taken accidentally, intentionally misused or inappropriately given to someone else. Studies show that a majority of abused prescription drugs are obtained from family and friends, including the home medicine cabinet. Unused medications that are flushed down the toilet or poured down the sink can enter the water supply, harming fish and other wildlife and posing a potential risk to people.
