

Red Coat Ambassadors

We are currently recruiting volunteers to join our team as Red Coat Ambassadors at the Albany Stratton VA Medical Center. Red Coat Ambassadors work with our Veterans every day and provide valuable assistance to anyone coming into the VA Medical Center. Ambassadors deliver much needed information and provide directions within our facility. The service they provide helps our Veterans and visitors to feel at ease, comfortable, and welcome. This is truly a rewarding volunteer opportunity to give back to those who have served our nation. For more information on becoming a Red Coat Ambassador please call Dom Dominguez at: 518-626-5507 or email at erwin.dominguez@va.gov.
